General Guidelines

- Please write your abstract in English.
- Abstracts must succinctly summarize the objectives, methods and/or theory, results, and conclusions.
- Authors are responsible for sizing and positioning their illustrations.
- Thematic sessions will be organized based on the abstracts submitted under each theme.
- Accepted works, both oral and poster presentations, will be eligible for publication on the conference website after the event.
- Evaluation and ranking will focus on the relevance and timeliness of the topic, the contribution to advancing knowledge, techniques, or practices, and the overall clarity, organization, and presentation of ideas.
- The SBGf does not provide financial support for speakers. Authors should only submit abstracts if at least one author is committed to attending the conference. All session chairs, speakers, and poster presenters must register to participate in the event.
